

Past Internet Access Survey Pilot

I am interested in how and how often you have accessed the Internet during the past 12 months. This is a pilot study—a small scale study to test this survey to identify problems with questions and response options—preceding my PhD dissertation so please let me know of any difficulties you encounter or suggestions you have for improving this survey! You can contact me, Kevin Guidry, at kguidry@indiana.edu or 812-856-0113. And remember to return this survey to Eigenmann 419 (Mon-Fri between 9:00 and 5:00) to receive your \$3 compensation!
